PROFILE

Enthusiastic and results-driven MERN Stack Developer with hands-on experience in building scalable, responsive, and user-centric web applications. Proficient in full-stack development using MongoDB, Express.js, React.js, **Angular**, and Node.js, along with Laravel for robust backend systems and RESTful API development.

Experienced in API integration, JWT-based authentication, WebSockets for real-time communication, and implementing modular backend architectures. Skilled in **TypeScript**, state management (Redux, Context API), database design, and building secure, production-ready applications.

Strong understanding of end-to-end (E2E) frontend testing using Playwright and Cypress to ensure application reliability and performance. Passionate about writing clean, maintainable code and applying modern development best practices in fast-paced, collaborative environments.

SKILLS

Frontend React.js, Angular (v12+), Next.js(Server Side Rendering), Vue.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap, Chakra UI, Material UI, jQuery, Framer Motion

Backend Node.js, Express.js, Laravel, PHP, RESTful APIs, MVC Architecture, Authentication & Authorization, API Security

Technologies Redux, RxJS, Angular CLI, Web Sockets, JWT Tokens, Object-Relational Mapping (ORM), Sequelize, Eloquent, Context API, Axios, Fetch API, Clerk, Pagination, Swagger, Docker, CI/CD, Vercel(Hosting)

Databases MongoDB, MySQL, SQL, PostgreSQL, SQLite, MS Access

Programming Languages JavaScript, PHP, Python, C++, Java

Concepts Object-Oriented Programming (OOP)

Version Control Git, GitHub, Bitbucket

Tools: Visual Studio Code, WebStorm, Xampp, WAMP, Laragon, IntelliJ, Eclipse

Productivity Software: MS Word, MS Excel, PowerPoint, Canva, Adobe Photoshop

Testing End-to-End (E2E) Testing, Playwright, Cypress, Jest, Unit Testing

PROFESSIONAL EXPERIENCE

MERN Stack Developer At Cloudtek

Cloudtek

01/2025 – Present
Islamabad, Pakistan

- Designed and developed scalable full stack applications using MongoDB, Express.js, React.js, and Node.js (MERN stack).
- Built **responsive React.js UI reducing page load by 30% and improving UX**
- Designed and integrated RESTful APIs for seamless frontend-backend communication.
- Implemented JWT-based authentication and role-based access control (RBAC) for secure access management.
- Integrated WebSockets to enable real-time data updates and live communication features.
- Managed global application state using Redux and Context API.
- Performed end-to-end (E2E) frontend testing using Playwright and Cypress to ensure reliability and performance.

- Collaborated with cross-functional teams to deliver production-ready features within deadlines.
- Used Git and GitHub for version control and team collaboration.
- Built modular frontend components using **Angular and modern JavaScript frameworks** for scalable UI development.

Junior Web Developer at Outscalers

10/2024 – 12/2024
Rawalpindi

Outscalers

- Developed responsive web pages using HTML5, CSS3, and Bootstrap.
- Improved UI/UX by implementing clean layouts and reusable components.
- Ensured cross-browser compatibility and mobile responsiveness.
- Collaborated with senior developers to implement frontend best practices.
- Gained foundational knowledge of modern web development workflows.

PROJECTS

RoadSmart Solution (Freelance Project)

01/2026 – Present

Full-Stack Web Application

- Developed a full-stack web application using Laravel (backend) and Next.js (frontend).
- Designed and integrated RESTful APIs for seamless frontend-backend communication.
- Built responsive and user-friendly UI using modern React-based architecture in Next.js.
- Implemented authentication workflows and secure API handling.
- Optimized backend logic and database queries for improved performance.
- Collaborated directly with client to gather requirements and deliver production-ready features.

Tech Stack: Laravel, PHP, Next.js, React.js, REST APIs, MySQL

<https://customers-pink.vercel.app/> 

Dental Ecommerce Website

05/2025 – 09/2025

DentalMart – *multidental.pk*

- Developed a scalable dental e-commerce platform with product management and secure checkout system.
- Built RESTful APIs for product listings, cart management, and order processing.
- Implemented authentication and authorization using JWT.
- Integrated payment gateway and optimized API performance for faster response times.
- Designed responsive frontend with React.js and modern UI practices.

Tech Stack: MERN Stack, JWT, REST APIs, Tailwind CSS, MongoDB

<https://multidental.pk>

Digital Training Platform for Prosecutors

04/2025 – 10/2025

NYPTI Prosecutor Training Management System

- Developed a full-stack training management platform using the MERN stack.
- Built secure authentication system with JWT and role-based access control.
- Designed RESTful APIs for managing courses, users, and training modules.
- Implemented responsive UI with React.js and Tailwind CSS for smooth user experience.
- Integrated real-time updates and notifications to enhance learning engagement.
- Optimized database schema in MongoDB for scalable data handling.

Tech Stack: MongoDB, Express.js, React.js, Node.js, JWT, Tailwind CSS, WebSockets

EDUCATION

Bachelor of Science Computer Science

09/2022 – 09/2026
Islamabad

National University of Modern Languages (NUML) Islamabad

CGPA: 3.6 / 4.0

Relevant Coursework: Data Structures, Algorithms, Object-Oriented Programming, Database Management Systems, Software Engineering

Certificate in Web Development

07/2024 – 12/2024
Rawalpindi

PNY Trainings Rawalpindi

Technologies: React.js, Angular (v12+) Node.js, Tailwind CSS, MERN Stack
